

# Free, online, with a certificate of completion

## Discover the Compliance Services e-learning platform!

The Compliance Services e-learning platform supports suppliers, dealers, and other stakeholders in understanding the EU product policy, energy labelling, ecodesign, legal obligations, and business opportunities.

### MODULES CURRENTLY AVAILABLE

**Product Policy  
in a Nutshell**

**Tumble Dryers  
For Suppliers**

**Tumble Dryers  
For Dealers**

**Smartphones and  
Tablets for Dealers**

### Short quiz

Each module includes a short quiz and can be completed at your own pace.

### Multilingual access

Modules are currently available in English and will soon be available in several other languages.

### Certificate

Every participant who successfully passes the course will receive an individual certificate.

### Why use Compliance Services e-learning?

- Easy, practical and self-paced learning
- Helps ensure legal compliance and improve communication towards consumers
- Personalized certificate of successful completion

The information provided by this project reflects the team's understanding and as such is not legally binding. A binding interpretation of European Union law is the sole competence of the European Court of Justice. Any advice or instruction provided cannot substitute the requirements of the energy labelling and ecodesign regulations or the individual delegated acts, which are binding in their entirety and directly applicable in all EU Member States.

Co-funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or CINEA. Neither the European Union nor the granting authority can be held responsible for them.

**Any questions  
about the e-learning and  
cooperation opportunities?**

### Tools & Services

This portal offers guidance and tools for suppliers, dealers, and installers. The focus is on new regulations from 2023 to 2027, especially for heating, air conditioning, PV products, and white goods. More tools and information coming by 2025, depending on the finalisation of regulations. Product specific topics include detailed explanations of new and changed requirements and their timeline.

Key information available: Products in scope / Basic requirements / What to document / How to register in EPREL / Importing products / Placing your products on the market / Preparation for market surveillance, etc.
