## Energy labelling requirements for dealers: An overview of key issues and rules

A webinar for dealers of products with an energy label

*A growing family of products sold to customers in the EU has to be marked with an energy label, when offered for sale to consumers. What product categories are concerned? How exactly should the energy labels be made visible? What other information or documents have to be made available?*

*We invite you to the upcoming webinar to learn more and to ask for more details!*
